Discover what alpro has for you!!!

WHO WE ARE?

A company that consolidated in 1965 and today is a leader in the west of Mexico in the manufacture and sale of kitchenware.

We work professionally and with a human sense, offering products for the kitchen and home that provide confidence by provoking new experiences that exceed expectations.

OUR CERTIFICATIONS

Certification that establishes public health and environmental safety standards to ensure that a product meets safety, quality, sustainability, and performance standards.

FDA approval involves studies and research supporting that certified items are safe for consumption or use in animals and human beings.

Thinking of lovers of culinary art and cooking, Alpro has dedicated the professional category focused on the preparation of food in large quantities offering high quality and resistance.

The lines that make up our professional category are: Silver Gourmet Line, Armored Line,

Stainless Steel and Threeplex Line, which are characterized mainly by including thick products equipped with long handles or ergonomic handles, lids with steam escape holes, anti-spill box and most of them have international **NSF** certification.

ALPRO PROFESSIONAL

Our Armored Line stands out for its 4 mm thickness. It's made up of durable and resistant products ideal for heavy duty, in addition to having **NSF** certification that guarantees that they have been rigorously tested and comply with public health and environmental safety standards, thus offering confidence that our products have high standards of quality, safety, sustainability and performance.

Considering families and kitchen enthusiasts, Alpro has dedicated several lines that adjust to the needs of all types of homes with the purpose that our clients do not have limitations when cooking.

Among our home-focused lines is a wide variety of visually appealing products with **FDA**-approved non-stick coating, making them useful, versatile, aesthetic and durable.

ALPRO HOME

Our Amigo Golden Line has a variety of items of aluminum. The steamers, stockpots and low stockpots are equipped with the Alpro **Ultracooking System**, which allow an efficient temperature distribution thus saving time and energy in food preparation.
